

APPLETON BENCH

ASSEMBLY INSTRUCTIONS

Contents:

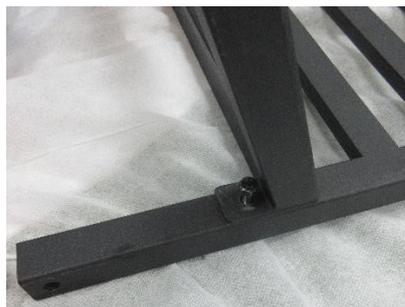

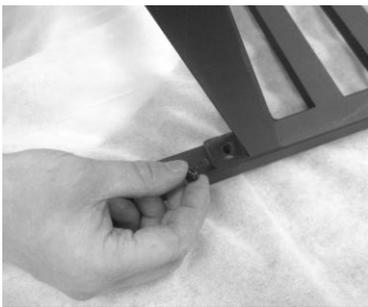

- | | | | |
|----------------|--|------------------|--|
| a) 1 back rest | | a) 4 small bolts | |
| b) 1 seat | | b) 4 large bolts | |

To assemble the bench

1. Place the seat on the grass/floor with front fixing piece towards the grass/floor.

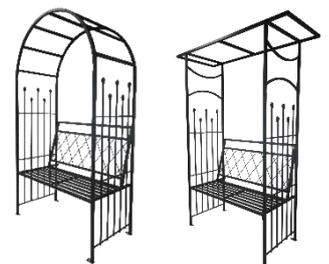

2. Take the back rest and attach it to the seat by using 1 small bolt on the left side, and 1 small bolt on the right side. (The back rest should slant backwards.)

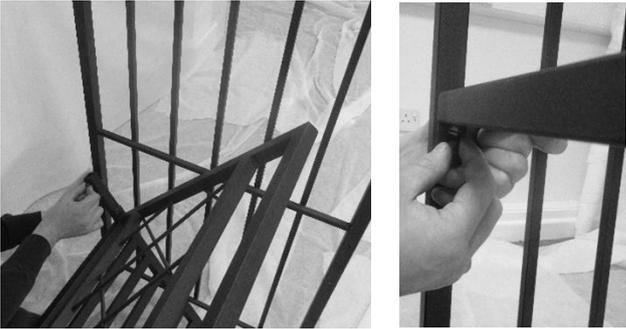

To attach the assembled bench to a curved or straight garden arch

3. Locate the holes in the inner part of the arch frame where the bench will attach.

4. Attach the back of the seat first by using 1 large bolt on the left side, and 1 large bolt on the right side.

5. Attach the front of the seat by using 1 small bolt on one side, and 1 small bolt on the other side.

6. Attach the back rest to the arch using 1 large bolt on the left side, and 1 large bolt on the right side.
