

	v Data Sheet dated 2/8/2018, version 10 ION 1: Identification of the substance/mixture and of the company/undertaking
1	I.1. Product identifier Trade name: STONE & PORCEL. RAP. SET
	Trade frame. STONE & FORGEL. RAF. SET
	I.2. Relevant identified uses of the substance or mixture and uses advised against Cement based powder adhesive
1	I.3. Details of the supplier of the safety data sheet Supplier:
	MAPEI U.K. Ltd - Mapei House Steel Park Road Halesowen - West Midlands B62 8HD
	phone: +44(0)121 508 6970 fax:+44(0)121 5086 960
	www.mapei.co.uk (office hour 7:00 am - 7:00 pm)
(Competent person responsible for the safety data sheet: sicurezza@mapei.it
1	1.4. Emergency telephone number
	For medical emergencies call NHS 111 (where available) or your local doctor/ hospital. If you require advice outside of Mapei (UK) office hours (7am – 7pm) on any environmental issues please contact OHES Environmental Ltd +44 (0) 1684 299 886
ΓΙ	ON 2: Hazards identification
2	2.1. Classification of the substance or mixture
E	EC regulation criteria 1272/2008 (CLP)
	🚸 Warning, Skin Irrit. 2, Causes skin irritation.
	Danger, Eye Dam. 1, Causes serious eye damage.
	 Warning, Skin Sens. 1, May cause an allergic skin reaction. Warning, STOT SE 3, May cause respiratory irritation.
ŀ	Adverse physicochemical, human health and environmental effects: No other hazards
2	2.2. Label elements
ŀ	Hazard pictograms:
	\vee \vee

	_
Danger	
Hazard Statements:	
H315 Causes skin irritation.	
H318 Causes serious eye damage.	
H317 May cause an allergic skin reaction.	
H335 May cause respiratory irritation.	
Precautionary Statements:	
P261 Avoid breathing dust.	
P280 Wear protective gloves/protective clothing/eye protection/face protection.	
P302+P352 IF ON SKIN: Wash with plenty of water.	
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact	t
lenses, if present and easy to do. Continue rinsing.	
P310 Immediately call a POISON CENTER.	
Special Provisions:	
None	
Contains	
Portland cement, Cr(VI) < 2 ppm	
Special provisions according to Annex XVII of REACH and subsequent amendments:	
None	
2.3. Other hazards	
vPvB Substances: None - PBT Substances: None	
Other Hazards:	
No other hazards	
See at paragraph 11 the additional information concerning crystalline silica	
SECTION 3: Composition/information on ingredients	
3.1. Substances	
N.A.	
3.2. Mixtures	
Hazardous components within the meaning of the CLP regulation and related classification:	
>= 25% - < 50% free crystalline silica (\emptyset >10 μ)	
CAS: 14808-60-7, EC: 238-878-4	
The product is not classified as dangerous according to Regulation EC 1272/2008 (CLP).	
>= 25% - < 50% Portland cement, Cr(VI) < 2 ppm	
CAS: 65997-15-1, EC: 266-043-4	
10.101 00001 10 1, 201 200 010 1 3.2/2 Skin Irrit. 2 H315

ECTION	4: First aid measures
4.1. D	escription of first aid measures
In cas	e of skin contact:
	Immediately take off all contaminated clothing.
	CONSULT A PHYSICIAN IMMEDIATELY.
	Remove contaminated clothing immediately and dispose off safely.
	After contact with skin, wash immediately with soap and plenty of water.
In cas	e of eyes contact:
	After contact with the eyes, rinse with water with the eyelids open for a sufficient length of time then consult an opthalmologist immediately. Protect uninjured eye.
In cor	e of Ingestion:
in cas	Do not under any circumstances induce vomiting. OBTAIN A MEDICAL EXAMINATION
	IMMEDIATELY.
	Wash the mouth thoroughly and drink plenty of water. In case of disease consult a physician
	immediately and present this safety-data sheet.
In cas	e of Inhalation:
	In case of inhalation, consult a doctor immediately and show him packing or label.
4.2. N	lost important symptoms and effects, both acute and delayed
	If inhaled, the product causes irritation in the airways. and if brought into contact with the skin,
	causes appreciable inflammation, with erythema, scabs, and oedema.
	If brought into contact with the eyes, the product causes serious eye injury, such as opacity of
	the cornea or lesions to the iris.
	If brought into contact with the skin, the product may cause sensitisation of the skin.
	This preparation contains cement. Contact between cement and body fluids (e.g. sweat and ey
	fluids) may cause irritation or burns.
4.3. Ir	ndication of any immediate medical attention and special treatment needed
	In case of accident or unwellness, seek medical advice immediately (show directions for use o
	safety data sheet if possible).
	Treatment:
	(see paragraph 4.1)
FCTION	5: Firefighting measures
5 1 E	xtinguishing media
0.1. L	Suitable extinguishing media:
	Water.
	CO2 or Dry chemical fire extinguisher.
	Extinguishing media which must not be used for safety reasons:
	None in particular.
5.2. S	pecial hazards arising from the substance or mixture
	The product does not present a fire hazard
5.3. A	dvice for firefighters
	Use suitable breathing apparatus .
	Collect contaminated fire extinguishing water separately. This must not be discharged into
	drains.
	Move undamaged containers from immediate hazard area if it can be done safely.

	6: Accidental release measures
01 5	
0.1.1	Personal precautions, protective equipment and emergency procedures
	Wear personal protection equipment.
	Wear breathing apparatus if exposed to vapours/dusts/aerosols.
	Provide adequate ventilation.
	Use appropriate respiratory protection.
	See protective measures under point 7 and 8.
62 F	Environmental precautions
0.2. L	
	Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains.
	lethods and material for containment and cleaning up
	Ily recover the product, wearing protective clothing.
Scoo	p into containers and seal for disposal.
After	the product has been recovered, rinse the area and materials involved with water.
	Reference to other sections
0.1.1	See also section 8 and 13
SECTION	7. Handling and storage
	7: Handling and storage
7.1. P	Precautions for safe handling
	Avoid contact with skin and eyes and exposure to high dust concentration.
	Avoid powder development and deposit
	Use localized ventilation system.
	Don't use empty container before they have been cleaned.
	Before making transfer operations, assure that there aren't any incompatible material residuals
	in the containers. (see point 10.5)
	Contamined clothing should be changed before entering eating areas.
	Do not eat or drink while working.
	See also section 8 for recommended protective equipment.
7.2. C	Conditions for safe storage, including any incompatibilities
	Incompatible materials:
	None in particular.
	Instructions as regards storage premises:
	Adequately ventilated premises.
735	Specific end use(s)
7.5.0	
	None in particular

N.Á.	
8.2. Exposure controls	
Eye protection:	
Safety goggles.	
Use close fitting safety goggle	s, don't use eye lens.
Protection for skin:	
Nitrile gloves are suggested (1	1,3 mm; 480 min). Not recommended gloves: not waterproof
gloves	
Respiratory protection:	
Use respiratory protection whe	ere ventilation is insufficient or exposure is prolonged.
Dereand Drotactive Equipment about	Id comply with relevant CE standards (as EN 274 for alloyed and
	Ild comply with relevant CE standards (as EN 374 for gloves and ained and stored. Consult the supplier to check the suitability of
equipment against specific chemical

Mutagenic Effects:
No effects are known.
Teratogenic Effects:
No effects are known.
Additional Information:
For this reason, the contact with the skin should be avoided. Once sensitization has occurred,
exposures to small amounts of material may cause erythema and edema locally.
Contains cement. Cement gives a strong alkaline reaction with water and body fluids (e.g. sweat and eye fluids), therefore the contact with skin and eyes should be carefully avoided. If not differently specified, the information required in Regulation (EU)2015/830 listed below must be considered as N.A.: a) acute toxicity b) skin corrosion/irritation c) serious eye damage/irritation d) respiratory or skin sensitisation
e) germ cell mutagenicity
f) carcinogenicity
g) reproductive toxicity
h) STOT-single exposure
i) STOT-repeated exposure
j) aspiration hazard
SECTION 12: Ecological information
12.1. Toxicity
Adopt good industrial practices, so that the product is not released into the environment.
Biodegradability: no data available on the preparation.
N.A.
12.2. Persistence and degradability
N.A.
12.3. Bioaccumulative potential
N.A.
12.4. Mobility in soil
N.A.
12.5. Results of PBT and vPvB assessment
vPvB Substances: None - PBT Substances: None
12.6. Other adverse effects
None
Not available data on the mixture
SECTION 13: Disposal considerations
13.1. Waste treatment methods
Recover, if possible. Send to authorised disposal plants or for incineration under controlled
conditions. In so doing, comply with the local and national regulations currently in force.
91/156/EEC, 91/689/EEC, 94/62/EC and subsequent amendments.
Disposal of not hardened product (EC waste code) : 17 01 01
The suggested European waste code is just based on the composition of the product.
According to the specific process or application field a different waste code may be necessary.

Social Dialogue on Respirable Crystalline Silica

On April 26, 2006 was signed a multi-sector social dialogue, based on a "Guide to Good Practices", on workers health protection who are in contact with products containing crystalline silica. The text of the agreement published in G.U. European Union (2006 / C 279/02) and the "Guide to Good Practices", with attachments, are available on www.nepsi.eu website, they offer guidelines and useful information for handling products containing respirable crystalline silica.

Provisions related to directive EU 2012/18 (Seveso III):

N.A.

15.2. Chemical safety assessment

No

SECTION 16: Other information

Text of phrases referred to under heading 3:

H315 Causes skin irritation.

H317 May cause an allergic skin reaction.

H318 Causes serious eye damage.

H335 May cause respiratory irritation.

H373 May cause damage to organs through prolonged or repeated exposure.

H225 Highly flammable liquid and vapour.

H370 Causes damage to organs.

H301 Toxic if swallowed.

H311 Toxic in contact with skin.

H331 Toxic if inhaled.

Paragraphs modified from the previous revision:

SECTION 16: Other information

This document was prepared by a competent person who has received appropriate training. Main bibliographic sources:

NIOSH - Registry of toxic effects of chemical substances

ECDIN - Environmental Chemicals Data and Information Network - Joint Research Centre, Commission of the European Communities

The information contained herein is based on our state of knowledge at the above-specified date. It refers solely to the product indicated and constitutes no guarantee of particular quality.

It is the duty of the user to ensure that this information is appropriate and complete with respect to the specific use intended.
