

Push-button Piezo ignition system ensures safe, reliable and easy start-up

1.5mtr gas hose and regulator included

Pull-handle wheel-mounted design for easy movement between use

ITEM. 09315

SIP FIREBALL RP35 RADIANT PROPANE HEATER

POWERFUL & WHEEL-MOUNTED RADIANT PROPANE HEATER

PRODUCT OVERVIEW

The **SIP FIREBALL RP35 Radiant Propane Heater** is a powerful and wheel-mounted propane heater designed to quickly and effectively heat medium-sized workshops and garage spaces with good ventilation.

Designed to radiate infrared heat to warm objects and surfaces directly, rather than heating the surrounding air. This no mains supply solution safely delivers powerful and continuous heating.

FEATURES & BENEFITS

✓ VARIABLE INFRARED HEATING CAPACITY FOR EFFECTIVE COVERAGE & CONTROL

Maximum infrared heating output of 35,000BTU/hr (10.25kW).

Quickly heats objects and surfaces in well-ventilated indoor areas.

1.5mtr gas hose and regulator included.

Low noise heater with no moving parts

✓ ROBUST CONSTRUCTION WITH COMPONENTS TO ENSURE LONG PRODUCT LIFE

This includes a durable metal burner, steel mesh guard and powder-coated steel stand which provides additional resistance to the effects of everyday use.

A push-button Piezo ignition system ensures safe, reliable and easy start-up.

For added protection, a tip-over and flame-out cut-off safety device are also fitted.

✓ WHEEL-MOUNTED DESIGN FOR OUTSTANDING MOBILITY

A sturdy wheel-mounted design ensures easy movement between use.
