

Simply Silent™ DX100HTS

4" / 100mm axial bathroom fan with wall fitting kit

Toolstation Product Code **56482**

The Simply Silent™ DX100HTS intermittent extract fan is designed for those looking for something conventional, with a modern twist. The fan controls humidity, odours and mould growth effectively in bathrooms, shower rooms, cloakrooms and toilets. DX100HTS features a more traditional grille-style fascia, finished in cool white with a square fascia. The product has two speeds, selectable at install, and features a wall-fitting kit. The product is suitable for wall, ceiling and window fitting (requires Simply Silent Window Kit - Toolstation Product Code 52015).

DX100HTS is a Humidistat / Timer fan. This means that the fan be activated by either reaching a threshold of humidity, or via an external switch such as a lighting circuit. The fan will continue to run until humidity has returned to below threshold level and for a period (can be set between 30s and 30mins) after the external switch is turned off (whichever is the longer).

Technical Details

	DX100HTS
No. of Speeds	2
Power (W)	6.0 / 6.7
Duct Size (mm)	100
Flow rate (l/s)	15/21
Flow rate (m3/h)	54/76
Noise dB(A)3m	22/34
Specific Fan Power SFP (W/l/s)	0.40 / 0.32
