

XIMX 100

Inline Mixed-flow Extract Fan

Toolstation Product Code **17661**

The Xpelair XIMX 100 is a plastic inline mixed flow fan designed to ventilate bathrooms and shower rooms.

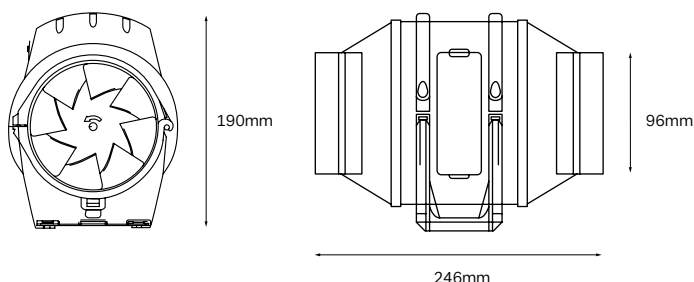

The fan comes complete with a convenient mounting cradle which makes installation or subsequent inspection straightforward. Plus the terminal box is easily accessible, simplifying the electrical connection.

XIMX 100 is a standard fan. This means that it is activated by an external switch (for example a lighting circuit) and will stop once the external switch is turned off.
