

# Simply Silent<sup>™</sup> Shower Fan Complete

Designed for in-shower installation

Toolstation Product Code **93012**

Combining low noise levels with high extraction power, Simply Silent<sup>™</sup> Shower Fan Complete is purpose-designed for in-shower installation. It carries-out direct extraction right at the point of humidity for a steam-free bathroom environment.

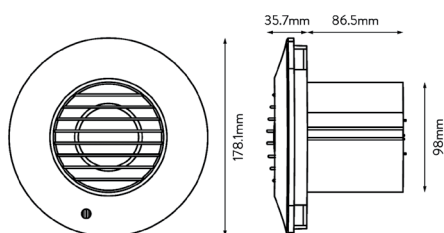

Shower Fan Complete comes complete with a loft fitting kit – 3m of flexible ducting and an external grille.

The product is a timer fan. This means that it is activated by an external switch (for example a light circuit) and will overrun for a period (selectable between 30s and 30mins) once the external switch is turned off.
