

# XS100S Smooth

**4" / 100mm axial extract fan with baffle front. Standard.**

Toolstation Product Code **33862**

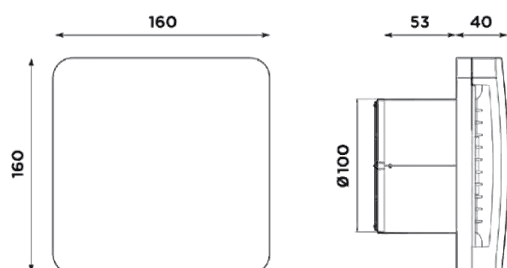

The Smooth XS100S is a 4"/100mm intermittent axial fan suitable for installation in bathrooms, shower rooms and toilets. The fan comes complete with a smooth fascia cover, making it easy to clean and maintain.

XS100S has a one speed extraction rate of 23l/s and complies with UK Building Regulations. XS100S is a Standard Fan. This means that it is activated by an external switch (for example a lighting circuit) and will stop once the external switch is turned off.
