

AURES SLIM MULTI

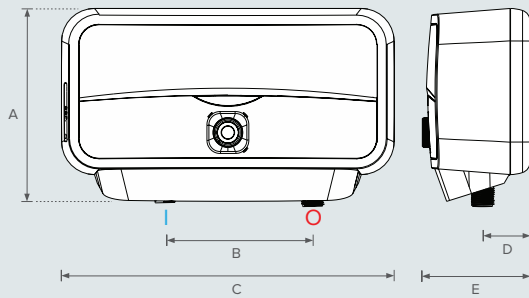

Aures Slim Multi is a great way to supply one or several water outlets (not simultaneously) with instant hot water. Get hot water precisely when needed and in the right amount by simply opening the tap, with no pre-heating time or space necessary to store it.

- / Multi-point model to supply multiple water outlets
- / Flow sensor system initiates instantaneous water heating when a tap is opened
- / Complete safety thanks to its double thermal cut-out
- / Sleek cover of water inlet and outlet pipes
- / Front-facing dial and LED indication for ease of operation
- / 4-step dial to set the desired power level - option to set at 0, low (4.5kW) medium (5kW), & high (9.5kW)
- / Easy to maintain with frontal access to all internal components
- / Compact size, allows for install in small spaces
- / Elegant aesthetic incorporating premium Italian design

TECHNICAL DATA

AURES SLIM MULTI

Description	9.5kW	
Efficiency		
ERP Rating	-	A
Electrical Data		
Voltage On Tech Label	V	240
Ampere	-	39.6
Frequency	Hz	50/60Hz
Power & Performance		
Power	kW	9.5
Step Power	kW	4.5+5
Phase	-	Mono
Max Working Temperature	°C	55
Characteristics		
Max Working Pressure	bar	8
Safety Valve (Y/N)	-	Y
Heating Element	-	Copper
Inner Tank Type	-	Plastic
Water Connection Size	inch/BSP	1/2" BSP
Min Flow Rate	l/min	2.1
IP Protection Degree	-	IP24
Tapping Profile	-	XS
Product Code	3520028	

Temperature differentials

These are the temperature differentials you can expect from the Aures Slim Multi 9.5:

	Power kW			
	4.5	5	9.5	
Flow rate l/min	3	22°C	24°C	45°C
	4	16°C	18°C	34°C
	5	13°C	14°C	27°C

At full power (9.5kW) you can expect to achieve an outlet temperature (at the following flow rates) of:

Flow rate l/min	3	4	5
Summer: Inlet temp @ 20°C	55°C	54°C	47°C
Average: Inlet temp @ 12°C	55°C	46°C	39°C
Winter: Inlet temp @ 5°C	50°C	39°C	32°C

E.g. For a 12°C main water supply @ 4 litres/min, there will be an outlet temperature of 46°C.

UNLIMITED HOT WATER IN AN INSTANT WHEREVER YOU NEED IT
