

Simply Silent[™] Contour C4HTSR

4" / 100mm axial Bathroom extractor fan

Toolstation Product Code **33710**

The Simply Silent[™] Contour C4HTSR fan effectively eliminates humidity, condensation and odours to improve air quality in bathrooms, shower rooms, cloakrooms and toilets. It uses advanced Ghost[™] Air Movement Technology to deliver near-silent running. Suitable for wall, ceiling, panel and window fitting, C4HTSR range has two speeds selectable at install. To maximise customer choice, C4HTSR comes complete with both round and square covers in the box.

C4HTSR is a Humidistat / Timer fan. This means that the fan be activated by either reaching a threshold of humidity, or via an external switch such as a lighting circuit. The fan will continue to run until humidity has returned to below threshold level and for a period (can be set between 30s and 30mins) after the external switch is turned off (whichever is the longer)
